Master Plan for Greater Lahore-1972

Second five year plan (1960-65) envisaged the preparation of Master Plan for eleven important cities in West Pakistan. Lahore being the provincial metropolis topped the list of selected cities. The Provincial Government, realizing that neither the Lahore Municipal Corporation nor the Lahore Improvement Trust was equipped for this job to undertake the preparation of its Master Plan.

Consequent upon the decision, a Master Plan committee was set up under the chairmanship of the Commissioner, Lahore Division Lahore in February, 1961. The terms of reference of the committee were:

- a. Ensuring an expeditious preparation of Master Plan and
- b. Preparing a short term plan to meet the present industrial, commercial and residential requirements.

The Master Plan was sanctioned under Section-74 of the Municipal Administration Ordinance, 1960 on 24th July, 1972, by the Commissioner Lahore Division, Lahore as controlling authority of Lahore Municipal Corporation and came into force with effect from 1st September, 1972. According to a commercial survey carried out by the Master Plan Project Office in Lahore between 27th September to 6th October, 1962, Lahore had 31286 commercial establishments apart from 3008 vendors. To put all these activities in proper perspective, the shopping centres and markets have been classified into Major, District, Local, Specialized shopping centres and wholesale, retail and mixed markets. Under this

plan, the Lahore Metropolitan Area was divided into the following 6 use zones:

- I. Residential
- II. Commercial
- III. Institution
- IV. Industrial
- V. Industrial and Manufacturing
- VI. Recreational

▪ **The Commercial Land-use was further categorized into the following zones:**

- a. Retail Shopping (District and Lower Level Shopping Centers)
- b. Central Commercial Uses.
- c. General Commercial (Central Business District and Divisional Centers)
- d. Proposed Commercial Centres in the Master Plan to cater for existing and future growth of the city.

Neighborhood Centers-----60

District Centers-----18

Divisional Centers-----03

▪ **Road Approved for General and Special Commercial Uses.**

General Commercial Area include all type of retail and wholesale commercial activities including offices, restaurants and show rooms etc.

- iii. Ferozpur Road (From Qurtaba Chowk to Canal Bridge).

- iv. Allama Iqbal Road (From Rex Cinema to Gari Shahu Chowk).

▪ **Lahore Structure Plan-1961**

- i. Lahore Structure Plan-1981 was approved by LDA to guide and control future growth of the city.
- ii. It was principally based on broader guideline for future expansion of the city with emphasis on proposed road network.
- iii. It was not based on land-use control policy for the existing built up area or new growth of the city, therefore the change of land-use was not documented.
- iv. The rapid change of land-use during the period was neither anticipated nor controlled or regularized properly.

▪ **Integrated Master Plan for Lahore-2021**

- i. The Master Plan was approved by Zila Council Lahore in 2004.

- ii. It provides land-uses control policy for the existing built-up area as well as for proposed extension of the city.
- iii. The central commercial area has been increased in the Master Plan and extended up to Qartaba Chowk along Queens Road.
- iv. The Commercialization Rules-2001 was incorporated in the Master Plan and the extended commercial activity against the permitted uses was recommended to be regularized under the enforced commercialization policy.
