MESSAGES

Muhammad Shehbaz Sharif

Chief Minister of the Punjab

Modern and sustainable infrastructure is the most important parameter of development and prosperity. It gives me great pleasure to say that we are paving the way for a prosperous future for Punjab and Pakistan. Infrastructure Development Authority of the Punjab (IDAP) is playing a pivotal role in developing infrastructure and introducing modern infrastructure technologies.

Tanveer Aslam Malik

Chairperson, IDAP/Minister, Communication & Works Department, Punjab

The national development of any nation can be judged on the basis of infrastructure development. IDAP is revolutionizing development concepts in Pakistan. In a short span of time, IDAP has launched several projects in line with global standards of quality, design and construction. IDAP engages top of the line national and international consultants for introducing the best practices of infrastructure development in Pakistan.

Capt. (R.) Zahid Saeed

Chief Secretary, Punjab

In no time at all, IDAP has taken up key projects and started executing them with professional excellence. IDAP is focused on prioritizing their fundamental responsibilities of delivering sustainable solutions to the Government of the Punjab for projects of high value. I am sure IDAP will go the distance in development of infrastructure in the province based on the best modern practices and techniques.

Mohammad Jehanzeb Khan

*Chairman, Planning & Development Board,
Punjab/Vice Chairperson, IDAP*

IDAP's vision "to be one of the leading infrastructure design and build organizations in the world" and the core values that the organization has set for itself are a blend of excellence, passion, integrity and collaboration. IDAP underlines the objectives of the Government of the Punjab by defining what we endeavor to be and how we aim to achieve it.

Mujahid Sherdil

Chief Executive Officer, IDAP

While being dedicated to the idea of well-being of our local and international clients, IDAP is devoted to transforming vision into reality. The Authority is dealing with a number of mega projects for the public sector and we are devoted to catering to the needs of our clients and government departments. Our ideology is to develop mega infrastructure projects within aggressive timelines while adhering to aesthetics and architectural outlays. IDAP is determined to serve diligently to maintain the operating principles of business.
